## REQUISITES OF A GREAT COUNTRY

Dr. McIntyre's Vigorous Endorsement of Government's Immigration Policy and Railways.

green intercessor to see that Mr. Borden had been re-appointed in Quebec. Dr. McIntyre asserted that he knew different statements had been made to the east and in the west. He closed by doing his best to impress upon the government's present investigation policy.

Mr. Rossiter (Quebec) supported Mr. Monk's resolution and the debate was unfinished when the House closed at 8:45.

### Eight Hour Day.

In the Committee Ralph Smith introduced a bill to provide an eight hour day for railway telegraphers and drivers. Hon. H. C. Bond, the parliamentary representative of the railway labor organization, then was moved to speak on this session, but the railway men wanted it placed before the House. The bill was introduced in a nine hour day had just gone into effect at 8:45.

## THREATENED STRIKE NO TERRORS FOR C.P.R.

ederation of Mechanical Unions Orders no Apprehension in Minds of C. P. R. officials. Favorable Time for Strike from Company's Stand-point.

Montreal, April 23.—H. H. Vaughan, assistant to the vice-president of the C. P. R., who has charge of the mechanized department, today said the strike was to be a simple statement regarding the relations of the mechanical unions, to present a solid front in case the relations should continue in an open strike. Vaughan did not say what would happen if the strike did not end, but it did, the men could scarcely be expected to strike, he said, for the company, when the men were very dull and many men are being kept on, and when the men were not, the company would start them when things would pick up. Many of the shops are not open now for a number of little inconveniences, which probably actually saving. The C. P. R. had been at a present needed, so that a tie-up of the mechanical departments for a week or two was not to be expected. As far as the west was concerned, the matter was in the hands of the men, and when the west would come, the matter would be referred to an arbitration board under the arbitration act until we get into June.

### CANINE IN CALGARY.

Are Free at the Aye-Do By-Law Failed To Control.

Calgary, April 22.—No more will the canine pests of the city be a menace as far as the by-laws are concerned. The city council, after a long and tedious travel, at last made the men of the C. P. R. and C. N. R. into line for the fight.

### Federation of Unions.

Montreal, April 23.—The railway mechanical unions are federating as fast as possible and when the federation is completed, the men will be free to travel farther to meet all the men of the C. P. R. and C. N. R. into line for the fight.

### No Excitement in Winnipeg.

Winnipeg, April 23.—Everything is quiet in the city, and the strike to resist the勒夫 is broken.

### Will Fight Attitude of C.P.R.

Montreal, April 23.—The attitude of mechanics of the eastern section to the C.P.R. was formed last night in Montreal, Toronto, and other points and largely representative of the men of the C. P. R. and C. N. R.

It was unanimously decided that the local unions should join the C. P. R. and C. N. R. in the Canadian working for common interests.

If the company does not moderate its delegates to Montreal, and prepare for a struggle, but no steps will be taken to force the men into a strike.

Montreal, April 23.—The railway mechanics will side with the engineers on the ground that the engines will not be safe if not repaired by competent men.

If we can get people and transportation we can make a great country.

PAIRIE FIRES IN DAKOTA.

Wife of Farmer Dies in Attempt to Save Her Husband.

Sioux City, N.D.—A woman was killed to this city yesterday morning by the wife of a farmer who had just left Sioux City on a train for the east. There is no record of any such accident in the city that it was found necessary to send out fifteen men to fight the flames.

The wife, Mrs. Frank Farnum, 27, had been shot to death by her husband, who had gone on the last train and had been shot in the head. The quoted figures showing the immense area available for settlement in the West, including the great areas of unsurveyed lands in the new provinces, are not to be believed.

It is not to be believed that we can make a great country.

There was no problem so important as the development of the great natural resources of the West. Turning to the question of the foreigner, he said that settlers' effects to the value of fifty-two millions had been sent to the West in the last year, when settlers had disposed of none for probably eighty millions.

He deplored the statements of Alfred Lavalley, declaring the foreigner to be a parasite.

Mrs. Farnum attempted to save her husband, who had been shot in the head, but was overcome by the smoke.

The wife, who was a widow of 20, was found in the kitchen of the Farnum home, the body of her husband lying on the floor.

**MACKENZIE APPOINTED.**

To Fill Important New Office in Canadian Secretariat.

Ottawa, April 20.—Sir Wm. Mackenzie, who has chosen Wm. MacKenzie, the oldest member of parliamentary press gallery and the most well known press correspondent in Canada, to fill the new position in connection with the present Canadian government, has become the first Canadian Secretary's permanent and foreign correspondent. The new office, which has been created, has been engaging the attention of the more or less for some time owing to Canada's steadily increasing importance in the nations of the world. The diplomatic correspondence has been steadily increasing and it is now evident that Sir Wm. MacKenzie's desire to establish a central bureau for the handling of all correspondence in regard to Canadian foreign affairs. The object of the new office will be to keep all such correspondence properly arranged and to keep in touch with connection with journalists and his knowledge of international affairs, it was felt that he was the man who was largely fitted for the new post which he has created.

Mr. MacKenzie has for many years been Canadian correspondent of the London Times and has written his newspaper training in Great Britain and to Canada in the early seventies. In different terms he has been the news editor of the Canadian Standard, Mr. MacKenzie's paper, which he founded in the century kept in close touch with national affairs and has wielded an undivided influence in the political life of the country. He has always possessed the confidence of Sir Wilfrid Laurier and his ministerial colleagues.

It was understood that owing to representations made to Sir Wilfrid by Mr. MacKenzie, he would be appointed clerk of the cabinet in chance to succeed the late Mr. Laurier. Mr. MacKenzie, however, had a more important post in view for him. Mr. MacKenzie, to the best of our knowledge, has been recommended to the Canadian government and is understood, to be promoted to the position made vacant by the death of Mr. Laurier.

**Fruit Growers' Organize.**

Revelstoke, April 21.—The Victoria Farmers' Co-operative Association has decided to form a branch in the British Columbia Central exchange after a conference with the manager of the Victoria branch and other co-operative organizations. There are at present about 130 members of the association, but Mr. Driscoll, head of the association, the fruit growers of the Island into the association. The organization is the outcome of a group of local fruit-growing industries of British Columbia during the past few years. Newton, Victoria, and Vancouver, the fruit-growing centres all boast their associations, which are affiliated with the British Central exchange, with headquarters at Revelstoke. The central body has representatives in all the fruit-growing districts, who handle the shipments and fix the prices, thus putting an end to the former haphazard method of marketing which was of benefit neither to the grower nor the consumer, placing both at the mercy of chance and the whole scheme.

## DISTRICT NEWS

## RED DEER.

Bulletin News Service.  
Frank Michener today shipped a car of logs to Calgary.

A number of carpenters have been busy at the railroad yards for the past week, putting up a coal chipping building and a platform. As soon as the carpenters are out of the way, another force of men will finish the platform and the coal chipping building. It is also the intention of the C.P.R. to at once provide a bridge across the river, a steel bridge across the river, which, it is expected, will be completed within a week. The steel bridge is also to be repaired, the waiting time to be greatly increased in size and a new bridge will be built on the railroad before being placed on the second story, and the freight and express office will be moved from the old office. People of Red Deer will greatly appreciate these changes, although the new bridge will be a great expense to the C.P.R. It is also intended to have a new station with not be built here this year, as anticipated.

On Friday the Gun Club had a shoot, results in the following scores: Class A—Wilson 13, H. H. Drake 17, W. H. Paton 14, C. B. Crawford 18.

Class B—H. M. Wilson 13, J. A. Carter 13, W. H. Mortis 7, W. Hussey 13, L. M. Gaetz 9.

Monday's results were as follows:

Class A—H. H. Drake 16, Captain Cottrell 17, H. H. Drake 16, A. T. Step 16.

Class B—C. L. Wilson 2, J. F. Goss 2, H. H. Drake 11, H. J. A. Carson 8, W. Hussey 10.

Class A are those who have never shot in a gun club competition previous to this. Class B are those who have performed before.

The Ladies' Hospital Aid introduced a very original scheme from the Club of Red Deer, and independent money-making scheme. They lease the Lyric Theatre and had it fitted up to resemble a gaudy circus. Candy booths, Japanese garden, art gallery, for time, etc. The opening was a success, and, in fact, nearly everything you would find on a midway at a county fair. The show opened at about four o'clock with a baby show, then at five of the babies of Red Deer, and at six o'clock the show was divided into two classes, Class A being those under one year and Class B those over one year.

The votes cost five cents each, and when the totals were counted it was found that Mrs. G. H. Cottrell, of Mr. and Mrs. W. E. Payne, was the winner of Class A, and Richard McTavish, of the same, was the winner of Class B. Mrs. Parsons, the winner of Class B, is being the contracting parties. Rev. G. R. Lang officiated.

took, arrived yesterday to spend a pleasant vacation with her sister, Mrs. J. W. Silverthorne and family and son, Mr. Ross Silverthorne and wife, who are now settled in a new home at Victoria. The Silverthornes are among the oldest settlers of the Old Country.

Mr. McTavish, who turned over his practice to Dr. Mayhew a year and a half ago, has just returned to the U.S. after having toured the Pacific coast points of interest, including Prince Rupert, the great salmon fishing city, Mr. McTavish, son and Dr. McTavish, of Vancouver, were united in marriage at the former's residence in the fair. The ladies who had the entertainment in charge deserve great credit for the success of the affair, in which the affair was handled.

In the case of the town against the members of the town council, in which the affair was handled.

Henry Jones, of Trinville, succeeded in getting a new lease on his land from Keathly Town, London, England, and was farming with his wife and two sons. Jones has a son in his head, making life a burden for him. Dr. George, coroner, came to see him but deemed an inquest unnecessary.

The annual meeting of St. Luke's Club was held on April 17, with the rector, Rev. C. W. Moore, in the chair. The financial statement showed the church to be in good condition. The following officers were elected: Mr. W. J. Warden, Dr. George's warden; J. C. Cottrell, vice-warden; Messrs. C. Reed, Mr. Pyke, Mr. Hellier, Mr. G. H. Cottrell, Mr. Ayres, H. Stent, L. Crawford, F. L. Roy, G. Wright, Mr. Cased, G. H. Cottrell, Mr. Cottrell, church building fund trustees; Messrs. Read, Bradford and Hardisty, returned.

Rev. Dr. Riddell, of Alberta College,

and son, Mr. Ross Silverthorne and wife, who are now settled in a new home at Victoria. The Silverthornes are among the oldest settlers of the Old Country.

Mr. McTavish, who turned over his

practice to Dr. Mayhew a year and a half ago, has just returned to the U.S. after having toured the Pacific coast

points of interest, including Prince

Rupert, the great salmon fishing city,
